

# IT'S OUR LAST CHANCE TO STOP IT:

## Tell City Council Speaker Christine Quinn to say 'NO' to the Upzoning and Huge Additions On Top of this Iconic Building!

*Developers want to change Chelsea's zoning AGAIN to build more huge high-rises – BUT THIS TIME THEY WANT TO DO IT ON TOP OF HISTORIC CHELSEA MARKET!*

*The only one who can stop it is Christine Quinn. Already approved by the City Planning Commission, by November the City Council gets the final vote to approve or reject the rezoning.*

*We don't need more overdevelopment – we don't need more historic buildings and neighborhood character destroyed – and we don't need more special deals for wealthy, international developers. **This plan jeopardizes the affordability, livability, and diversity of the entire Chelsea neighborhood.***

*Join THOUSANDS of New Yorkers who've already told Speaker Quinn – **VOTE 'NO' ON THE CHELSEA MARKET REZONING!***

**Call Speaker Quinn: (212) 564-7757**
