Proposed Window Information

Pella Windows

- Greek Revival Style
- Architect Series Wood (pine)
- Double hung, 6-over-6 configuration
- Profiled brick molds
- Black painted finish

Lintels and Sills

Lintels = 56 3/4"

Sills = 51"

The existing lintels and sills are Greek Revival style.

The lintels are sheetmetal and the sills are stone with sheetmetal over them.

The new lintels will be constructed of aluminum and the sills will be constructed of grey stone. The color of the lintels and sills will match the surrounding lintels and sills to keep the façade uniform.
