For many years the Village Independent Democrats has stood for a commitment to principle and independence. During that time we have furthered many progressive causes and elected numerous liberal candidates who shared that commitment. Now, several of our endorsed candidates confront very serious challenges in the September 11th Democratic primary. This is the most difficult electoral battle VID has faced in many years. We need your help to make sure that our candidates are victorious and that our influence and credibility remain strong in the future for our common goals.

Many supporters of Mayor Koch have formed a new political club in Greenwich Village (Village Reform Democratic Club) in order to defeat VID and our candidates, and to attempt to reelect the Mayor next year. VID's Democratic State Committeeman Jerry Goldfeder has an opponent who has been endorsed by the VRDC and two other political clubs; Jerry has been endorsed solely by VID. The Mayor's political operatives are clearly running the campaign against Jerry in the Village. We will have to work extremely hard to see that Jerry and our other excellent candidates win.

We need your help! We need your time, energy, ideas, and financial support. Please join us for a fun time at our fundraiser, and be there for Jerry and everyone at VID in the ensuing campaign.
