## DRAFT RESOLUTION: WBAI LISTENERS' MARCH FOR HOMELESS

Whereas, homeless among New Yorkers has reached crisis levels and is forecast to continue to increase in the years ahead;

And whereas, government at all levels has been grossly negligent in providing the required leadership to cope with this disaster, specifically, leadership in creating low and middle income housing, preventing the deterioration of existing low-income housing, providing essential social and health services, and building jobs;

And whereas, widespread homelessness has become the shame of the nation,

And whereas, Radio Station WBAI has initiated a Listeners' Action on behalf of homeless people to call attention, during this holiday season, to the plight of less fortunate neighbors;

And whereas, thousands of New Yorkers will march with candles through holiday shoppers in midtown Manhattan on Sunday December 20,

Now therefore be it resolved that the Village Independent Democrats endorse the WBAI action on behalf of the homeless, and call upon members and neighbors to participate by marching and by contributing funds to its success.

(The WBAI Listeners' Action will take place beginning at 3 pm. on Sunday, Dec. 20 at Columbus Circle. The candlelight march will go down Broadway to West 57th Street, East on West 57th to Fifth Ave., where it will terminate. During the weekend, WBAI will also collect food, clothing, and other items for homeless people. For further information phone: 279 3400)
